

ELIZABETH

COUNTRY  HOUSE

BOLOGNA, ITALY

Elizabeth Country House, sister property to another of Harlowe Group's properties - Elizabeth Unique Hotel in Rome, is a charming property of three villas, furnished in a skillful mix of Provencal style and early 20th century Italian. This is a true oasis where guests can get away from it all. There is a large garden with a pool, a vegetable garden, full kitchen, and beautiful grounds to walk and relax in.

The villa is staffed with a house concierge and offers a range of enriching activities and experiences including yoga classes, pottery classes, dance classes, and cooking classes.

The property is committed to sustainability and ensures that this holistic retreat is eco-conscious without compromising quality.

Once a summer residence, this hidden gem is located a few miles from Bologna and is open year round.
